

RWT TIMELINE

COST: Free

Product-Based/Consumptive

Rating: 4+

Web Version: No

Accounts: No

Reporting: Saves to the Camera Roll

Ads and Inappropriate Content: No connection to social networks.

Author: Debbie Smith

SUMMARY:

Timeline allows students to create a graphical representation of an event or process by displaying items sequentially along a line. Timelines can be organized by time of day, date, or event, and the tool allows users to create a label with short or long descriptive text. Adding an image for each label makes a timeline more visually appealing.

ADDITIONAL SUPPORT RESOURCES:

- [Step Sheet/Handout](#): See Page 2.
- [Using Magnetic Alphabet in the Classroom](#)
- Complete Library of App Integration Snapshots

Across The Classroom

Language Arts: Students can use Timeline to sequence events in books or stories.

Social Studies: Use Timeline to order historical events.

Science: Use the app to document the process of metamorphosis or the hatching of chickens.

TIMELINE

1. Click on **+ New User**.

2. Type your first name and add either a picture or an avatar.

3. Click **Confirm**.

4. Decide what you want to base your timeline on: date, time or event. You can see examples of all 3 types by clicking on the type.

5. Type the **Project Title**.

6. Choose your image, add a **Short Description** and click the check mark.

7. Continue this process until you have completed the timeline and then click **Finish**.

8. When your timeline is finished, you can:
